Dear Sir,

In response to a recent complaint, this office discovered that a second dwelling was being constructed on a property that has been approved for only one. Our investigation revealed that a foundation had been constructed at 1566 Chaffin in Corvallis by your company without first obtaining a septic permit. This permit is required by Ravalli County Subsurface Wastewater Treatment and Disposal Regulations.

The Ravalli County Board of Health has assessed your company a penalty of \$1000 for this action. Please make payment of \$1000 to RCEH. After payment has been made, you may appeal this decision if you feel that there are any additional circumstances that the Board should consider.

If you have any questions regarding this penalty, please feel free to call me at 375-6572.

Sincerely

A handwritten signature in cursive script, appearing to read "Morgan Farrell".
